DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 1-24 are allowed because the prior art fails to teach or fairly suggest a high intensity infrared light comprising a housing; two or more laser infrared diodes arranged inside the housing; means comprising a heat sink for receiving heat from said laser diode; means for collecting and transmitting the infrared light from said laser diode; means for receiving and combining the infrared light from optical transmitting means into a single beam of infrared light and radiate beam of light from a light emitting surface; and a lens situated such the focal plane of said lens is placed at the light emitting surface of said combining means, wherein said lens is adapted to receive the beam of infrared light emitted by the combining means and collimated said beam of infrared light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
